*The Barton Center for Diabetes  
Education, Inc., is a 501(c)(3)  
nonprofit organization.*

Dear Potential Barton Staff Member or Volunteer!

We are currently on a mission to recruit **outstanding** individuals to work at our resident camps (Clara Barton Camp and Camp Joslin), Barton Day Camp programs, Adventure Programs, and on our Health Care Team. Each position is integral to the creation of the best possible camping experience for children with diabetes. While having knowledge of diabetes is helpful, it is not necessary because we can train you. It is, however, crucial that you bring a desire to inspire young people through your enthusiasm, flexibility, personal strengths, and **your passion for camp**.

Being a staff member at any summer camp is an amazing experience, and it takes a special kind of **"camp person;"** someone who can **relate to kids on their level**, who has the ability to **give of himself or herself**, and who can have **fun while being responsible** all at the same time. We commend you for making this admirable career choice!

Resident camp staff and day camp staff and volunteers should be available for the dates indicated on the staff application form. Positions will be filled on a first-come, first-served basis dependent on qualifications and availability.

If you are interested in applying for a position:

1. Complete the application and mail to The Barton Center office or scan and email to the camp directors.
2. Send three references on the form provided (returning staff do not need to provide references). References cannot be family members.

As soon as **all** of the paperwork is received by the camp directors, you will be called for an interview. If you have any questions, or need additional information, please feel free to contact us at the phone numbers listed below, email, or visit our website for more information.

We look forward to receiving your application. ☺
