*The Barton Center for Diabetes Education, Inc., is a 501(c)(3) nonprofit organization.*

January 2017

Dear Potential Barton Staff Member or Volunteer!

We are currently on a mission to recruit **outstanding** individuals to work at our resident camps (Clara Barton Camp and Camp Joslin), Barton Day Camp programs (includes Vermont Overnight Camp), Adventure Programs, and on our Health Care Team. Each position is integral to the creation of the best possible camping experience for children with diabetes. While having knowledge of diabetes is helpful, it is not necessary. We will train you according to our diabetes management protocols. It is, however, crucial that you bring a desire to inspire young people through your enthusiasm, flexibility, personal strengths, and **your passion for camp**.

Being a staff member at any summer camp is an amazing experience, and it takes a special kind of **"camp person;"** someone who can **relate to kids on their level**, who has the ability to **give 100% of himself or herself** and who can have **fun and be responsible** all at the same time. We commend you for making this admirable career-enhancing choice!

Resident camp staff, day camp staff, and volunteers should be available for the dates indicated on the staff application form. Positions will be filled on a first-come, first-served basis dependent on qualifications and availability.

If you are interested in applying for a position:

1. Complete the application and mail to The Barton Center office or go to our website (About Barton/We're Hiring) for a link to fill out the application online.
2. Read and sign the Staff Code of Conduct and return it with your application.

As soon as **all** of the above paperwork is received by the camp directors, you will be called for an interview. If you have any questions, or need additional information, please feel free to contact us at the phone numbers listed below, email, or visit our website for more information.

We look forward to receiving your application. ☺

Deborah Holtorf MPH, MSN, PNP  
Health Services Director  
508-987-2056, Ext. 2010
