

Family Camp Supplement Sheet

There is a space reserved for _____ people from the _____ family at the Barton Family Camp session from Thursday, August 11th to Sunday, August 14th, 2022.

Points on this sheet are directly related to the Family Camp Session. **Please read the Camper Handbook and all other confirmation materials because** that information also relates to Family Camp unless otherwise noted on this form. Please go to our website (www.bartoncenter.org/registration/#scc) to review all the **confirmation materials required for Resident Camp**, download, print, fill out, and mail required forms to us. If you registered online, please see Forms section on your account dashboard—click on Download Forms tab to view all documents (mail to PO Box 356, North Oxford, MA 01537, or if you registered online you may upload to our online registration site—see Upload Forms tab.) **COVID-19 Protocols: Please see document with our COVID-19 protocols at camp.**

INFORMATION FOR PARENTS/GUARDIANS

Opening Day

Check-in will be by appointment only. You will be contacted one week prior to camp with your appointment time. Please arrive at your scheduled time. Check-in for Family Camp is an extremely important process. It ensures that we have the necessary information to provide a safe, happy, and positive camp experience. Although the process can be lengthy, your patience is appreciated.

What You Will Need To Do During Check-in

- Receive cabin assignment and move your family into the cabin.
- Meet your counselors and cabin mates.
- Meet with your family's health care team member. This will orient us with your family members, including diabetes protocols. At this time, insulin and other medication orders will be established. **No medications will be permitted to be kept in the cabins, whether for adults or children.**
- Meet with the camp dietitian (optional).
- Have ID photos taken for all family members.
- Take a swim test. All children are required to take a swim test. Adults must take a swim test if they wish to use the waterfront at camp.
- Turn in the following forms: Pre-camp Blood Sugar & Insulin Record, Current Insulin Plan

Lodging and Facilities

While at camp, families will sleep in log cabins with other families and staff. Most cabins have 10-12 beds on the main floor, so families will be sharing living space. Full bathrooms (sink, toilet, shower) are in every cabin. All family members and staff sleep in camp twin beds. Families should bring all bedding and pillows for every family member (twin sheets and a blanket or sleeping bags). Foam mattress pads/toppers are not permitted at camp. If your family needs special sleeping arrangements, please call the camp at least 2 weeks prior to Family Camp. At The Barton Center, we take pride in making the camp experience fun and safe for everyone: staff, campers, and parents. If we can be of assistance before or during the program, please do not hesitate to speak with us. We work hard to plan a program that everyone will enjoy. For that reason, we kindly request that families refrain from leaving the camp property unless it is an emergency.

Keeping in Touch at Camp

While we understand that outside concerns may require parents to call home or work, we ask that parents refrain from using cell phones while at camp activities or during family time. Please find time away from other camp activities to make phone calls. **Camp phones and computers will not be available for families to use for phone calls or emailing unless it is an emergency.** In an emergency, families can be reached by the camp phone at (508) 987-2056.

Closing Day

Closing ceremonies will be held on Sunday after lunch. The program will conclude after closing ceremonies. Please make travel arrangements accordingly.

Forms to be Returned

The following forms should be returned **by July 28th**: Health Information Form (unless you registered online and filled this out previously, **each person** attending the family camp program must fill out), Primary Health Care Provider Approval Form, Authorization to Administer Medication, copy of camper insurance card and prescription card, signed COVID-19 Release, and signed last page of camper handbook (Handbook Agreement). Please be aware that a Primary Health Care Provider Approval Form accompanied by a physical exam within 12 months of camp and immunization record/COVID-19 vaccination card, is needed for **each person** attending the family camp program. A Pre-camp Blood Sugar & Insulin Record and a Current Insulin Plan should be completed for each camper with diabetes who is under age 18 and presented to the Health Care Team during check-in to the Family Camp program.

Questions

ANY questions, please call 508-987-2056 x2000 or email info@bartoncenter.org. We are happy to help!
