

The Barton Center for Diabetes Education, Inc. is a year-round camp, retreat and conference center with two beautifully wooded facilities in rural, central Massachusetts.

Both camp settings provide environments conducive to having fun, enjoying the outdoors, and

learning. Our mission is to improve the lives of children with insulin-dependent diabetes through education, recreation, and support programs which inspire and empower.

When not running our own programs, we rent our facilities to a wide variety of businesses, non-profits, religious groups, colleges, schools, and families for retreats, conferences, meetings, events, weddings, and gatherings of all types.

The private, wooded locations in North Oxford and Charlton, Massachusetts,

provide a charming backdrop to any occasion. Log cabins, large dining halls, conference center, athletic fields, and country ponds allow guests a range of comfortable options and activities during their stay.

Enjoy scenic views of the country pond at both facilities.

Regulation softball field and baseball field will provide hours of entertainment and exercise during your stay.

Adjacent basketball and tennis courts also available for use. Sports equipment not provided.

We rent our facilities on a limited basis between the months of September and May. For information on availability, policies, and rental rates, please call or email:

508-987-2056, Ext. 2000
